TOUCH FREE HAND HYGIENE SYSTEM

TOUCH FREE HAND HYGIENE SYSTEM

Proper hand hygiene helps keep employees and guests safe from foodborne pathogens and public infections. The Touch Free Hand Hygiene System provides guests and employees peace of mind and a pleasant, refreshing hand washing experience.

WHY IS USING HANDCARE PRODUCTS IMPORTANT?

- Protecting your guests and employees from illness is important in maintaining a healthy, productive operation
- An estimated 80% of all infections are transmitted by hands¹
- 95% of people do not wash their hands adequately²

¹ www.cdc.gov/cdctv/handstogether

² www.msutoday.msu.edu/news/2013/eww-only-5-percent-wash-hands-correctly/

³ Over the course of 50 months at 50 actuations per day, in comparative testing using Touch-Free dispenser and leading competitor's dispenser.

FEATURES / BENEFITS

- Use the same touch free dispenser with a variety of antibacterial foam and liquid hand soaps and sanitizer.
- Closed dispensing system helps prevent product dilution, waste or loss, while keeping area clean
- Energy saving design means fewer battery change-outs³
- Dosage option provides better control and flexibility
- Advanced formula features pleasant citrus fragrance, skin emollients and moisturizers. Effective against germs, yet gentle on hands, leaving hands smelling fresh and clean.
